

JOIN THE NEWBIE NETWORK!

Are you new to Substance Abuse Prevention?

*Would you like to know more about the field?
Who to contact for more information?
Where to find useful resources, training and other supports?*

If you've recently joined a public health unit, FOCUS project or alcohol or drug awareness group, we invite you to join the Newbie Network.

What is the Newbie Network?

The Newbie Network is a free service designed to provide information, networking opportunities and other supports to substance abuse prevention professionals across Ontario during their first year on the job. When you join, you will automatically receive free newsletters, mailings and resources from the partner organizations listed below. You will also be invited to attend an orientation session on the substance abuse prevention field and notified of upcoming information and training opportunities dealing with alcohol and other drug policy, health promotion, media relations, program planning, evaluation and much more. By joining the Network you reduce the number of organizations you have to contact to "get in the loop" - and we ensure that our products and services meet your needs.

The Newbie Network is a joint initiative of the Ontario Health Promotion Resource System's Alcohol and Other Drugs Cluster. Members include: the Ontario Public Health Association's Alcohol Policy Network, Association to Reduce Alcohol Promotion in Ontario, Council On Drug Abuse, Ontario Drug Awareness Partnership, FOCUS Resource Centre and Parent Action on Drugs. To join, please fax the completed form below to the Alcohol Policy Network, 416-367-2844.

Yes! I'd like to join the Newbie Network ... Sign me up!

Name: _____

Position: _____

Organization: _____

Address: _____
